

INTELLIGENCE COMMUNITY STAFF

I would like an
action memo to the
Staff as a follow up
to NRP CFI meeting
which lays out in
clear action language
what will be done
to translate CFI
decisions into a final
NFIP.

This memo will
be the guide for all
other programs.

For example:

ACTION over

- Check against requirements
- Conduct trade off analysis
- Check budget restrictions
- Etc.

I do not rely on memos for the Record to get things done. I am used to ordering action. I do not want any excuse for inaction. This is an all hands effort.

Will discuss if this isn't clear.
